How to Successfully FAIL

ART
OR ANY OTHER COURSE OF STUDY
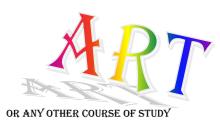

Never try something new

Do as little as you can

Start and don't finish work

Miss class and not make up work

Keep all your ideas to yourself

Be Late for Class

Blame it on lack of Talent

Never try and experiment

Have someone else do your work

Ignor people that know more than you

Make excuses

Spend as much time as you can talking to friends

Stick to only what you know or are good at

Ignor instructions and criteria

Be afraid to try new things

Imagine you will get better without PRACTICE

Don't ask questions

Procrastinate

Complete work but don't turn it in

If these are not enough please contact instructor for more tips.
